

"PARTICIPACTION" AND "ACT NOW"

I have been actively recruiting people to work on developing ideas to use in working with these two programs. I have commitments from several dancers on the island and am awaiting responses from several interior dancers that I have asked. We will be discussing the ideas put forward by Ann Clements and how they will work in various areas of the Province. I am forwarding a copy of moving and grooving to the PE Coordinator for the Delta School district to see if they will endorse it for use in our district. Hopefully that will get us an in for other districts. A list of contacts will be forwarded to Rachael Chan once I can get an accurate list together.
