

British Columbia Square & Round Dance Federation AGM

President's Opening Remarks

Thank you for coming to the meeting today and hopefully we will have a good meeting today. We are looking forward to electing several new people to the executive and hope that they will enjoy working for the betterment of our activity throughout the province.

We need to understand that our activity is for all ages, lifestyles and abilities. We are not trying to promote one activity over another and welcome all levels of square and round dancing. The Federation was established to represent all levels of dance and in the past those levels have all supported us, as can be seen by the fact that at our Festival we have mainstream, plus and advanced square dancing, as well as various phases of round dancing.

I feel that the Federation needs to continue to support the various club levels as well as search out new and innovative ideas to increase the number of members in our various clubs at whatever level they dance. These clubs helped build the Federation in the beginning and they need us to support them in the future.
