

3RD Vice President Report

A.G.M. August 10th 2012

It is hard to believe that the second term is up, how time flies.

It has been a pleasure being part of a great executive of a great recreation of fun, laughter, good times and friendships.

We can only hope that our recreation continues as times have changed and will continue to change at a faster pace we now have vehicle's that let us know and will stop if there is any danger in our way what a lifesaver!

I have and still working to streamline the handbook and hope to have it ready for approval at the A.G.M.

Thank you for the confidence over these past four years.

Genie French

3RD Vice President
