

The Dance Connection Website Report for the AGM Meeting August 2012

The Dance Connection Federation website has undergone a major change. OGOPOGO Webpsges has sold our website hosting to new company "Rae French Aplonis Corporation" E mail rfrench@aplonis.com

What this meant was that our system was far out of date as far as security and it was completely reorganized and set up on a new system with new user names & passwords for a start. This new system gives me much more control & responsibility over the old system.

I have had a number of changes in webmasters this year.

Regards Webmaster Phil Douziech
