

Webmaster's report
To the BCS&RDF AGM July 2017

The site is still running smoothly on the server. Security on the server is preventing any intrusion attempts in to our site from around the world, we get 2 to 3 per month.

A few people have expressed interest in helping to update the calendar which is a big help.

Any help to keep information on the site is greatly appreciated.

I have been posting info for Festivals outside B.C. at no charge, as I think it is useful info for our dancers.

Regards,
Frank McNeil
Webmaster to the BCFed
