

Moving & Grooving Report - BOD
April 2013

Submitted by Mary Anne and Nick Turner

There is little new to report at this time. We continue to make Moving and Grooving available and handle its distribution.

Again we encourage all dancers and leaders to become familiar with the Moving and Grooving programme and to speak to your local schools about it. Help us to involve school children in a positive dance experience.

To make information more readily available to potential customers, we have designed a website specifically for Moving and Grooving. It is located at <http://movingandgrooving.squaredance.bc.ca> and we encourage you to link your websites to the Moving and Grooving site, if appropriate.

Mary Anne and Nick Turner
