

PRESIDENT

BC Square Dance Federation

RE 1 800 TELEPHONE

We have been the pickup point for the 800 information line for the BC Fed since the fall of 2008 and have enjoyed performing this service for that term.

We have decided that it is now time to turn this duty over to someone else and wish to give notice of this intention so a suitable person or couple may be found.

We, of course, will be in a position of passing along, to the new candidate, detail of how we handle different situations and enquiries.

A further item we want onto the record would be that when the candidate is found, the billing from Telus would GO DIRECTLY TO THE TREASURER, (rather than come here first for our viewing) to save the postage that we have incurred by us sending it along to the treasurer. This would help considerably with the impending increase with Canada Post.

If you find possible candidates who want to know the ins and outs prior to their accepting the post, do have them call us.

Sincerely

*"Roy & Janet Ballam"*
