

## Region 3 OSRDA REPORT

I hope each and every one of you have not been adversely affected with this very invasive Covid 19 virus.

Region 3 as with all other regions has been seriously affected by this virus; however we are seeing a glimmer of hope with clogging clubs restarting and both round dance clubs in the process of restarting. All are being very serious in regarding the directions of BC Health and the advice from region 2 on how to keep safe when dancing.

The OSRDA has lost another club. Enderby River dancers has now hung up their shoes. We now have 2 Square Dance clubs, Westsyde Squares, Star Country Squares plus Westside Youth Teen Dance, 2 rounds clubs, R&R Rounders & Rhythm Rounds as well as 2 clog clubs, Got 2B Clogin' & Okanagan Clogin'.

In closing, it is my hope that if all Canadians follow the advice of our health care providers, we as a country will emerge from this pandemic much wiser, safer and better informed.

Bill Morey. President OSRDA
