

British Columbia Square and Round Dance Federation

Annual General Meeting – April 28, 2024

Report – Director at Large – Victoria and District Caller Teacher Association (VDCTA)

Square and round dancing successfully continues in Region 1 (Lower Vancouver Island) with eight clubs active. Several clubs provided round and square dance instruction and those classes have been completed for the dance year. The loss of the Royal Oak Women's Institute Hall as a dance venue starting in September 2024 will present challenges to those clubs whose members have danced in that Hall for decades. Efforts are underway by those affected clubs to find a new venue that will provide similar amenities to the Royal Oak Women's Institute Hall.

For the dance year 2023/24, there were 11 VDCTA members active in cueing, calling, teaching, and administering clubs. I would like to thank the members of the VDCTA for their continued efforts to provide round and square dance opportunities in Region 1, and for the additional work they undertake to maintain clubs, provide dance instruction, and participate in governing and supporting organizations.

Kirk Rockerbie

Director at Large – Victoria and District Caller Teacher Association
